ColourSpectrums™

Facilitator Certification *April 2023* *Saskatoon & Sherwood Park*

This training program will certify you to facilite ***ColourSpectrums*** workshops. ***ColourSpectrums*** is a personality styles team building/communications model presented to groups in an entertaining, interactive workshop format. This training is based on Rob Chubb's ColourSpectrums Personality Styles Books 1, 2 & 3 in which he defines how four primary psychological colours represent 4 dimensions of personality development and functioning:

Blue *Emotional intelligence*
Green *Intellectual intelligence*
Red *Physical intelligence*
Yellow *Organizational intelligence*

You are more intelligent than you "think" !

ColourSpectrums is a dynamic educational experience that provides insights (ah-ha! learning) and entertainment (ha-ha! learning) in an exciting process of self-discovery. Participants sort the 4 colourfully illustrated attribute cards to reveal their colour spectrums. All colour spectrums are particular combinations of strengths and challenges that are unique to each individual.

This certification training will teach you how to present workshops in a positive educational atmosphere of fun and discovery that includes: individual reflection, paired discussions, group discussions, card sorting, word pairing, facilitator input and small group activities. You will learn how to empower participants as they actively explore, discover, reveal and celebrate their individual priorities, delights and talents while genuinely valuing the priorities, delights and talents of others. ***ColourSpectrums*** creates an enchanting user-friendly language that naturally enhances self-esteem and team-esteem while supporting diversity, pride and mutual respect.

This training program will certify you to present workshops that include:

- Communication skills
- Self-Esteem
- Learning Styles
- Stress Management
- Management Styles
